NICE Network offers a staff training seminar at your location that may be eligible for Continuing Education credit in your state.

With almost 30 years industry experience, this seminar addresses:

- | | |
|------------------------------|-----------------------------|
| Inventory Verification | Basic Evaluation Procedures |
| Cause of Loss | Inherent Problems |
| Scope of Damage | Potential Red Flags |
| Research of Market Values | Important Evaluation Steps |
| Repair & Replacement Options | Claim Examples |

If you would like to arrange a training seminar, request additional literature or for prompt response to new loss assignments, please contact Andrew Fahey or visit our website.
